

Montessori School of Wellington 2025-2026 Information

We offer two core programs at our Montessori school:

- Toddler Program: For children aged 18 to 30 months
- Casa Program: For children aged 2½ to 6 years, depending on toilet independence

Toilet Training Requirements:

- Toddler Program: No toilet training required
- Casa Half-Day Program: Child must be out of diapers, use an adult-sized toilet independently, rarely have accidents, and not require adult assistance
- Casa Full-Day Program: Full toilet independence is required — including no reminders, no accidents, and no need for adult support

In addition to being toilet trained, children entering the Casa Program should also be able to feed themselves, drink from a regular cup, and show developing independence with dressing and undressing.

We're a CCMA-accredited Montessori school, and all of our programs run five days a week.

Before enrolling, we ask that each family visit the school with their child — it's an important step in getting to know one another and ensuring the right fit.

Finally, we want to gently share that Montessori is not just a preparation for school — it's a preparation for life. For your child to fully benefit from the program, we encourage starting in the Toddler class and continuing through all three years of the Casa program. If you choose to transition to the public system afterward, your child will be ready to enter Grade 1 with a strong foundation.

We'd be happy to chat more about this during your visit.

Montessori School of Wellington 2025-2026 Fee Schedule

We are pleased to offer a variety of flexible packages that will work with your child's needs and with your schedule. In addition to our full and half-day programs, we also offer extended care for before or after school hours.
